

LS TRACTOR OWNER WARRANTY POLICY

LIMITED WARRANTY

This warranty policy sets forth the limited warranty offered by LS Tractor USA, LLC to purchasers of LS tractors. Please read it carefully.

There are no other express or implied warranties, including those of merchantability and fitness for a particular purpose. Liability for incidental, consequential and punitive damages are excluded to the extent exclusion is permitted by law. Some states do not allow limitations on implied warranties and some states may limit or preclude the exclusion of incidental, consequential or punitive damages, and thus these limitations and exclusions may not apply to you. This warranty gives you specific legal rights and you may have other rights which vary from state to state.

WARRANTY COVERAGE

For tractors retailed after January 1, 2017, the warranty covers any defect in materials or workmanship in your LS tractor for the following periods:

- General Warranty. This warranty runs for the earlier of the following periods: (i) two (2) years from the date that you purchased at retail your LS tractor from an authorized LS Tractor dealer, or (ii) 750 hours of operation of your LS tractor after the original purchase date, whichever comes first.

- Extended Power Train Warranty. LS Tractor provides an extended warranty on the power train of your tractor. This warranty runs for the earlier of the following periods:

- For models MT1, MT2E, MT2S, MT3E, MT3, MT4, MT5, XJ series, XG3025, XG3100 Series, XR3100 Series, XR4100 Series, XU6100 Series, (i) six (6) years from the date that you purchased at retail your LS tractor from an authorized LS Tractor dealer, or (ii) 1500 hours of operation of your LS tractor after the date of original purchase, whichever comes first.
- For all other models (i) five (5) years from the date that you purchased at retail your LS tractor from an authorized LS Tractor dealer, or (ii) 1500 hours of operation of your LS tractor after the date of original purchase, whichever comes first.

The components covered by the extended power train warranty consist of the following:

- **Engine:** Warranty coverage is limited to those components of the tractor customarily thought of as comprising the engine and includes the crankcase, oil pan, cylinder head, valve cover, and all components fully enclosed within these units.
- **Power train coverage:** Warranty coverage is limited to the clutch housing, transmission housing, auxiliary transmission housing, final drive housings, drive axles and components fully enclosed within.

The Federal and California Emission Control System on all 25 HP and above engines in LS tractors are covered under a limited manufacturer warranty coverage for 5 years or 3,000 hours, provided there has been no abuse, neglect or improper maintenance or usage of your engine. Additional conditions and owner responsibilities apply. Please see your owner's manual for more details.

All implements carry a standard (1) year warranty from the date of sale to an ultimate purchaser.

SCOPE OF WARRANTY

The obligation of LS Tractor USA to you under this warranty is limited to the repair or replacement of defective parts by an authorized LS Tractor USA dealer. Repair or replacement in accordance with this warranty shall constitute fulfillment of all liabilities of LS Tractor, LS Tractor USA and their respective affiliates and the selling dealer in respect of any defects. Repairs or replacement shall be performed by the nearest LS Tractor USA dealer. You shall deliver the LS Product to the dealer's place of business for warranty repair.

EXCLUSIONS

Tires, tubes, rims, batteries, and fuel injection pumps are warranted by the respective manufacturers of those components and are not covered by this warranty.

This warranty does NOT cover failures caused by:

- Abusive operation.
- Collisions and other accidents.
- Lightening and other natural calamities.
- Unauthorized modification, including alterations and modifications to the engine or power train.
- Use of non-LS parts.
- Neglected maintenance (Please observe maintenance procedures in Operator's manual).
- Failure to use LS Tractor-approved lubricating oils, lubricants or fuels.
- Engine or engine component failure caused by the use of alternative fuels, such as natural gas, bio-fuels (Not authorized by LS Tractor USA), altered gasoline, etc.
